2 nights on Bar al Hickman Beach

A stylish comfortable mobile safari, encompassing two nights and three days in beautiful northern Oman taking in much of Oman's impressive scenery and covering coast, traditional towns and souks.

Sleeping tents vary according to the location but are always appointed with proper mattresses, crisp cotton linen, feather pillows and traditional furnishings. Each sleeping tent has its own private bathroom tent, open to the skies and furnished with soft towels, basin, shower and a selection of soaps and lotions.

Each camp will offer a large, evocative majlis, decorated in a style in keeping with the ambiance of the environment, with cushions and rugs, topical books, boules and board games. Dining is at a properly laid table under the stars beside a crackling fire. Food is, as far as possible, locally sourced and is freshly prepared by our camp chef and always delicious. We use no electric light, other than solar, and the emphasis is on preserving the atmosphere through natural lighting provided by candles, oil lamps and camp fires.

Day 1

We head out of Muscat after breakfast, passing by the village of Fanjah for a photoshoot after which we continue to Sinaw. The small market town of Sinaw is well worth a visit. This is where the Bedouins come to do business and the souq can be a thriving and fascinating affair with all the hustle and bustle of a Middle Eastern market at its finest. Sinaw souq is amongst one of the oldest preserved souqs in Oman and one of the few places you can find traditional silver Bedouin jewellery.

We will have a tasty picnic lunch enroute.

We continue south until we reach the coastal fishing village of Filim, a great place to spot a variety of birds including flamingos. By late afternoon, we pass by Muhut and cross a 40km salt flat before reaching our camp in Bar Al Hickman, set on a white sand beach near a lagoon, where we often see flamingos as well, and the Indian Ocean. It is a large salt pan that is home to a vast community of sea birds as well as a host of migratory birds.

Day 2

We will enjoy a leisurely day on the beach with fishing, beach driving, snorkelling or perhaps we can visit the local towns and buy fresh fish if we don't succeed in catching our own. Which our chef can prepare for dinner.

Day 3

Today we make an early start and wind our way north to the fishing village of Qihayd, where the desert dunes meet the sea. We continue further north to past the fishing port of Al Ashkarah and onwards to Sur. There are many fishermen and a thriving fish industry that has existed for centuries. There is a small dhow factory where the traditional sailing boats that have taken Omani explorers, traders and colonialists to the furthest reaches of the Indian Ocean, are still made.

We will then continue our route up the coast on the sea-side of the Hajar range stopping at the Bimah Sinkhole for a swim.

Invigorated, we arrive back in Muscat in the late afternoon.
